

Lake Taupo Yacht Club 2010 - BOAT STORAGE - 2011

Boat storage is available to members who regularly take part in Club activities.

If your boat is not being used for Club activities, you will be asked to remove it in order to allow space for others. Space is at a premium and a modest hire charge is made. This is an annual charge, paid in advance, and no refund for a part year's use should be expected.

Boats are stored at their owner's risk.

PLEASE:

- Store your boat and beach trailer only in its allocated space.
- Definitely no road trailers to be stored in boat storage areas.
- All spars and beach trailers/cradles must be marked with your boat number.
- Don't borrow another person's gear without permission.
- Turn off lights, and close and lock doors when leaving.
- Don't leave other peoples' boats outside while you are out sailing.
- Don't leave the buildings unattended or unlocked while you are out sailing.
- If you lose your key and want a replacement, you will be required to pay the new key cutting cost.

Please detach and return the bottom section of the form with appropriate fees to:
